PEAK Program

2022 CAMPAIGN PROPOSAL

ABOUT THE PEAK PROGRAM

We invite you to join us in our mission

The HCC Peak Program provides access to higher education, mentorship, and supportive care to destitute and at-risk youth ages 16-24 in Nepal. A higher education can mean the difference between a life of poverty and hardship or one of stability and success, but is often completely out of reach for poor and marginalized students in Nepal.

Based in Kathmandu, the Peak Program was conceived as a solution to this inequity and provides motivated students with the education and tools necessary to thrive in their lives and lead in their communities.

HCC's PEAK Program provides:

- **FULL ACADEMIC SCHOLARSHIPS** for college and university education.
- **ROOM AND BOARD** at HCC housing in Kathmandu.
- **WRAP-AROUND SERVICES**, including mentorship, personal development, leadership training, and career counselling
